**Details matter, it's worth waiting to get it right**

Steve Jobs

# your iPad always ready

Our vision is to unite design and technology to create a place where you truly feel at home. Your intelligent home should bring comfort but at the same time fit beautifully with your interior design and lifestyle.

Today, iPads are an essential part of our lives so we make sure you can mount and charge them in the most elegant way. Our minimalist Eve mounts and Eve Plus docking stations are meticulously designed to be absolutely beautiful and ready when you are.

# Table stand

for all Eve Plus sleeves

Our Eve Plus table stand is the perfect tool to hold your iPad upright on a desk or table. Cooking on your kitchen island and want to see the recipe on your iPad? Can't stop watching your favourite Netflix series even at the dinner table? Our Eve Plus table stand is what you need.

Choose to position the iPad in landscape or portrait orientation and magnetically snap the stand to the Eve Plus sleeve. Place your iPad anywhere you like and easily move it around with you.

A slim design made of high-quality aluminium in a brushed black finish, this table stand fits beautifully with the elegant and refined design of the iPad.

## **Eve** the elegant iPad mount

Eve is the ultimate iPad mount. It turns your iPad into an elegant on-wall touch screen, while enhancing its looks and keeping it permanently charged.

The refined design of the frame beautifully embraces the iPad and only adds what's really necessary. It is precision-machined out of solid aluminium and available in three luxury finishes to perfectly blend into any interior.

## **ultra-thin & minimalist**

The ultra-thin frame beautifully embraces the iPad. It took our best engineers to precision-machine this slim edge iPad mount from a solid piece of aluminium.

# Eve Curve

Eve Curve is the most sophisticated way to keep your iPad securely mounted yet permanently powered on any horizontal surface like a table or a reception desk.

Use it as a freestanding support or securely fix it on its rotation system. This way you can easily turn the iPad towards any direction you like. Perfect for homes, offices, hotels, restaurants and retail stores worldwide!

Eve Curve is made of aluminium and comes in a timeless black finish to perfectly match any interior.

## our story

Basalte was founded in 2008 with a mission to unite high-quality design and intuitive smart home technology. A unique combination that remains a fundamental part of our DNA. We want to keep things simple and elegant, both in form and function. We are proud to say that our minimalistic product range won over 50 renowned design awards.

Our multifunctional design keypads, refined speakers and elegant iPad mounts can be found in the most luxurious projects all over the world. Pushing towards the limits of perfection, we strive to reshape the way people live by making everyday actions easier and bringing true comfort to your home.

**All products are meticulously designed and handmade with love in Belgium.**

# solid as a rock

Beautiful and natural on the outside.  
Solid, strong and multi-layered on the inside.

Like the rock from which Basalte takes its name, we are determined to create timeless products of outstanding durability. Reduced to its essence, what remains is pure elegance.

# passion, dedication and true craftsmanship

We believe that the most exclusive materials should be treated by craftspeople with a passion for their work.

All our products are designed down to the finest details and handcrafted in-house.
